

# Strong Enough for an **OUTBREAK** Gentle Enough for *Everyday* Use

Rejuvenate™ Wipes is THE go-to disinfectant during the Coronavirus pandemic to safely help protect you and your clients from the spread of infection.

## FAST

Kills the virus that causes COVID-19 in just 1 MINUTE.<sup>1</sup>

## APPROVED

EPA registered, hospital grade disinfectant.

## POWERFUL

Kills Hepatitis B & C, Influenza, Herpes and meets OSHA Bloodborne Pathogen Standards.

## GENTLE

Non-irritating to eyes and skin. Requires no PPE.<sup>2</sup>

## COMPATIBLE

Ideal for use on most equipment and surfaces.

## RESPONSIBLE

Biodegradable. Active ingredient breaks down into water and oxygen.

The primary method for the spread of the virus that causes COVID-19, is through droplets (coughing or sneezing). It may also spread from hands after touching contaminated surfaces or objects. Current research indicates the virus can persist on inanimate objects for several days so regular hand washing and surface disinfection is critical to stopping the spread of the disease to yourself and your clients. Review back of this sheet for a step-by-step protocol to ensure proper practices are being followed in your salon or spa.

<sup>1</sup>Rejuvenate is approved under the EPA Emerging Pathogen Rule, refer to EPA List N: Disinfectants for use against SARS-CoV-2.

<sup>2</sup>During an outbreak, it is advised that PPE (Personal Protection Equipment) practices be used in accordance with state or workplace guidelines.

ONE-STEP Disinfectant  
Wipes Formulated with

## WIPES DISINFECTION PROTOCOL

### ONE

Thoroughly wet  
surface with  
Rejuvenate™ Wipe.

Remove any visible dirt or  
debris from surface, object or  
equipment prior to wiping.

### TWO

Allow to remain  
wet for **1 minute**  
to kill viruses  
and bacteria.

Read label or reference  
sheet for full list of claims.

### THREE

Leave to air dry.

### BEST PRACTICES

- Disinfection should take place **after each and every** client service or treatment to prevent the spread of germs and infection.
- During any kind of outbreak or seasonal flu, use a **checklist** and have spa staff routinely disinfect those items throughout the day.

### DISINFECTION CHECKLIST

- Nail, hair and wax work stations
- Esthetic and massage treatment areas
- Equipment such as hot cabinets, steamers, magnifying lamps, nail dryers and drying lamps
- Front desk / reception
- Doorknobs and door handles
- Common area surfaces, racks, shelves
- Washroom surfaces
- Tables, chairs and all seating areas
- Employee lockers and lunchroom
